2023 marks the 60th anniversary of The Chinese University of Hong Kong. We aspire to continue our efforts to broadly engage the community in this important year in the University's history, and the CUHK Info Day gives us the perfect occasion to share comprehensive information about our academic programmes, campus facilities, and various aspects of university life to prospective students, their parents and teachers, as well as members of the public who are interested to know more about the unique and transformative CUHK experience.

The booklet provides you with many useful facts about CUHK Info Day. I am sure the diverse range of admission talks, Q&A sessions, exhibitions and tours included in the programme will enable you to discover the wealth of opportunities that await you at CUHK, and the vibrancy of our campus. I encourage you to interact with our faculty members and students, who are all eager to share their first-hand insights into the University's offerings, offer personalised advice and guidance, to familiarise you with CUHK's education and research endeavours.

I hope today would mark the beginning of a new intellectual adventure of many more aspiring young people with us and allow us to build a closer connection with the wider community. May I wish you all an enjoyable time on the dynamic CUHK campus!

Vice-Chancellor and President
